The Lounge

Situated near Gates H02-04 in Concourse H of Chongqing Jiangbei International Airport's T3A Terminal, our Plaza Premium Lounge occupies 128 square meters and can comfortably accommodate up to 52 guests. What makes it distinctive from traditional lounges is our first-time cooperation with a renowned domestic ramen chain brand, capable of providing a variety of ramen, set meals and agemono combos. Throughout their stay, guests can also enjoy sandwiches, light snacks, and a diverse choice of coffees, teas, soft drinks, and alcoholic beverages.

The lounge features a separate dining area, plush sofa seating, a serene workspace environment, flight information displays, a selection of magazines and newspapers, high-speed Wi-Fi, and charging stations.
